Design Skills Art Direction Development User Research High-Fidelity Prototyping Usability Testing

Programming Python Java HTML/CSS

PROJECTS

MARCH - APRIL 2025

AI Software Developer — MoodForager: Empowering Moodboards for Visual Creatives

- Built a CLIP-based app that transforms text/image prompts to curated moodboards in 3-5 minutes (vs. 30+ mins manually), accelerating ideation for designers/artists.
- Designed a streamlined UI using PyQT5 with peer critique from designers and developers, integrating search expanding features, drag-and-drop, and ease of export.
- Showcased as an invited presenter at Vancouver AI Meetup April 2025, with enthusiastic reception from creative and tech communities for its innovative approach to ethical AI-assisted design.

AUGUST - DECEMBER 2024

UI/UX Designer — Wealthsimple for Learning Investors

- Collaborated with peers to improve Wealthsimple's onboarding experience through intuitive UI flows and new educational features to reduce the learning curve for novice investors.
- Improved user concept retention for investment literacy through interface changes backed by HCI research.
- Streamlined live data presentation through effective placement of data visualization to simplify complex market information, showcased as Figma mockups.

JULY - AUGUST 2024

User Experience Designer — Goodly Website Design Evaluation

- Leading the development of interactive Figma prototypes in a UX/UI centric team, complimenting a collaborative design proposal to re-evaluate Goodly's website usability.
- Reimagined Goodly's website in to better promote their company values through improved navigation and content management, resulting in positive feedback and approval from the Goodly team.
- Communicated usability challenges to the Goodly team by formulating a usability evaluation document, backed studies evaluating pain points and post rehaul impacts with participants.

MAY - AUGUST 2024

UX/UI Designer — Whiskr : Cat Care Assistant

- Collaboratively designed an app for novice cat owners supported with in-depth target user research, contributing to the team in developing UI and interactive prototypes for task and achievement features.
- Co-designed habit-forming and community-building features inapp, showcasing user interactions in Figma.
- Lead designer for team presentation material with personas, user journeys, research insights, and solution progress development.

MARCH - APRIL 2023

Art Director — Klanggg Festival

- Led a team to develop thematic art direction for opera event Klanggg Festival implemented as an interactive microsite prototype and various design assets using Figma and Photoshop.
- Established a cohesive visual identity across various campaign assets (posters, billboards, tickets) to engage with local audiences in Fribourg.
- Managed collaborative workflow and project timelines, assigning personal goals to ensure timely progress of deliverables during the 5-week production cycle.

WORKING HISTORY

AUGUST - DECEMBER 2025

Motion Design Artist — Halo Digital Indonesia Internship

- Produced a 1.5 minute product explainer video for PT. Hexagenics Asia Pasifik catered towards business-to-business presentations.
- Animated motion graphics in After Effects with studio peers for international clients, presenting yearly recaps and company activities.

MAY - JULY 2025

UX/UI Designer — Rento Rewards Website Design Internship

- Streamlined landing page experience in Figma prototypes in addressing product details, creating better content strategies and visual consistency.
- Developed interactive onboarding prototypes for Rento's web application features and improved overall application user flow, reducing friction in user experience.

MAY - AUGUST 2024

Graphic Designer — Pajo's Fish & Chips 40th Anniversary

- Developed a comprehensive visual design proposal for Pajo's restaurant locations addressing placement strategies and form factors (displays, flags, signage, decor).
- Translated thematic designs into visual mockups and hand-drawn sketches, showcasing various form factors for physical touchpoints.
